- Backup and Recovery

How does the Certification Camps Boot Camps work?

Start your learning immediately with access to content as soon as your registration is processed.

1

Before the Boot Camp

Start learning now. Once your registration is processed, you will receive access to materials. Prepare for your live boot camp, identify knowledge gaps to maximize your boot camp experience.

2

During the Boot Camp

Attend instructor led live training at our facility in Florida or online (same class, same instructor, same interaction). In person or online – you are actively engaged with the instructor and other students participating in presentations, labs, hands on demonstrations and other learning tools. Students take the certification exam(s) while attending the camp.

3

After the Boot Camp

Continue to access your student lab environment for 90 days after your camp is over. In the event you need to defer your exams or would like to re-sit the training – you have up to 6 months after the camp is complete.

Certification Camps training is not the typical PowerPoint & Lecture presentation training center.

Certification Camps has developed a comprehensive training / delivery format which focuses on learning beyond the core content accessible to any Microsoft training provider. Our program incorporates interactive demonstrations with explanations which go beyond the content of the book. Additional content, videos, labs and demonstrations are provided to expand on advanced topics - providing additional insight and perspective.

As a Microsoft Certified Solutions Partner - we adhere to the strict guidelines, standards and requirements to use Microsoft's exclusive curriculum. Moreover - our standards go beyond the minimum requirements set forth by Microsoft Learning.

We leverage our partnership benefits of courseware customization to build end to end technology training solutions. Students gain practical skills which can be implemented immediately.

With many training centers - learning starts on the first day of class and ends on the last day. Our boot camp training program is designed to offer resources before, during and after the training event.

If you are looking to achieve Amazon, Cisco, CompTIA, EC-Council, ISC2 and Microsoft Certifications, you've found the right place. We offer "All-Inclusive" pricing with airfare, lodging, transportation, meals, books and test vouchers.

Our training model brings knowledge and certification prep into one solution. This "hybrid" solution is designed for you to learn the objectives of the exam, not just "learn the exam".

Most training centers offer multiple formats and bootcamps are just a fraction of the business. Certification Camps exclusively delivers specialized training using the Microsoft Boot Camp format.
